DETAILED ACTION

Response To Amendment

- (1.) The amendment filed on December 19, 2005 has been entered.

Claim Rejections – 35 USC 103

- (2.) The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

- (3.) Claims 13 and 25 are rejected under 35 USC 103(a) as being unpatentable over Gillingham et al in view of Barris et al as applied in paragraph 6 on page 4 of the last Office action (dated September 15, 2005).

- (4.) Claims 14, 21-24, and 26 are rejected under 35 USC 103(a) as being unpatentable over Gillingham et al, taken together with Barris et al, as applied to claim 13 in paragraph 3 above, and further in view of Jaroszczyk et al as applied in paragraphs 7 and 8 on pages 4 and 5 of the last Office action (dated September 15, 2005).

Allowable Subject Matter

- (5.) Claims 15-20 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Response To Arguments

(6.) Applicants' arguments filed on December 19, 2005 have been carefully considered but they are not persuasive. Contrary to applicant's comments, Barris et al's efficiency filter layer 14 does appear to be the main filter element in the Barris et al filter assembly. Note Barris et al's discussion of the filter layer 14 in col. 4, lines 2-19. Therefore, the basis weight ranges disclosed by Barris et al in col. 4, lines 43-68 apparently do fall within the ranges recited in claim 13.

Conclusion

(7.) Applicants' amendment necessitated the new grounds of rejection presented in this Office action. **THIS ACTION IS MADE FINAL.** Applicants are reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
